REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary Dated June 21, 2007: "The Carrier did not make a legal denial of reimbursement because Vista was not provided with a sufficient explanation or the proper denial to justify the denial of reimbursement of the disputed charges. In addition, the Carrier applied the incorrect reimbursement methodology to Vista's charges." "Carrier may reimburse at a 'per diem' rate for the hospital services if the total audited charges for the entire admission are below \$40,000, after the Carrier audits the bill pursuant to the applicable rules. However, if the total audited charges for the entire admission are above \$40,000, the Carrier shall reimburse using the Stop-Loss Methodology in accordance with the plain language of the rule contained in § 134.401(c)(6)(A)(iii). This rule does not require a hospital to prove that services provided during the admission were unusually extensive or unusually costly to trigger the application of the Stop Loss Methodology. It is presumed that the services provided were unusually extensive or unusually costly when the \$40,000 stop-loss threshold is reached."

Amount in Dispute: \$28,949.30

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary Dated October 12, 2011: "Healthcare provider Vista Medical Center Hospital has failed to demonstrate that the dates of service meet the minimum requirements set out under TDI-DWC Rule 134.401 (c)(6) for exceeding the minimum stop-loss threshold of \$40,000 and that the admission involved unusually costly and unusually extensive services pursuant to *Texas Mutual Insurance Co. v. Vista Community Medical Center, LLP*, 275 S.W.3d at 551."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.240, 31 *Texas Register* 3544, effective May 2, 2006, sets out the procedures for medical payments and denials.
2. 28 Texas Administrative Code §133.2, 31 *Texas Register* 3544, effective May 2, 2006, sets out the definition of final action.
3. 28 Texas Administrative Code §133.305 and §133.307, 31 *Texas Register* 10314, applicable to requests filed on or after January 15, 2007, sets out the procedures for resolving medical fee disputes.
4. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.
5. 28 Texas Administrative Code §134.1, 31 *Texas Register* 3561, effective May 2, 2006, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.

The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of Benefits

- 106 – Provide invoice showing cost for reimbursement.
- 214 – 75% of reasonable & customary charge.
- 97 – Charge included in another charge or service.
- 16 – Not all info needed for adjudication on U&C allowance.
- 500 – Reimbursement amount based on U&C allowance.
- W10 – Payment based on fair & reasonable methodology.

Issues

1. Did the respondent provide sufficient explanation for denial of the disputed services?
2. Did the audited charges exceed \$40,000.00?
3. Did the admission in dispute involve unusually extensive services?
4. Did the admission in dispute involve unusually costly services?
5. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 *South Western Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each party was given the opportunity to supplement their original MDR submission, position or response as applicable. The division received supplemental information as noted in the position summaries above. The documentation filed to the division by the requestor and respondent to date is considered. Consistent with the Third Court of Appeals' November 13, 2008 opinion, and 28 Texas Administrative Code §134.401(c)(6), the division will address whether the requestor demonstrated that: audited charges **in this**

case exceed \$40,000; the admission and disputed services **in this case** are unusually extensive; and that the admission and disputed services **in this case** are unusually costly.

1. 28 Texas Administrative Code §133.240(a) and (e), 31 Texas Register 3544, effective May 2, 2006 and applicable to the dates of service, state, in pertinent part, that “ (a) An insurance carrier shall take final action after conducting bill review on a complete medical bill...” and “(e) The insurance carrier shall send the explanation of benefits in the form and manner prescribed by the Division...” Furthermore, 28 Texas Administrative Code §133.2, 31 Texas Register 3544, states, in pertinent part “(4) Final action on a medical bill-- (A) sending a payment that makes the total reimbursement for that bill a fair and reasonable reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement); and/or (B) denying a charge on the medical bill.”

The requestor in its position statement asserts that: “The Carrier did not make a legal denial of reimbursement because Vista was not provided with a sufficient explanation or the proper denial to justify the denial of reimbursement of the disputed charges. In addition, the Carrier applied the incorrect reimbursement methodology to Vista’s charges.”

Review of the submitted documentation finds that the explanation of benefits was issued using the division prescribed form TWCC 62 and noted payment exception codes of “106, 214, 97, 16, 500, and W10”.

These payment exception codes and descriptions support an explanation for the reduction of reimbursement based on former 28 Texas Administrative Code §134.401. These reasons support a reduction of the reimbursement amount from the requested stop-loss exception payment reimbursement methodology to the standard per diem methodology amount and provided sufficient explanation to allow the provider to understand the reason(s) for the insurance carrier’s action(s) for the services in dispute. The division therefore concludes that the insurance carrier has met the requirements of applicable §133.240, and §133.2.

2. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states “...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold.” Furthermore, (A) (v) of that same section states “...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed...” Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$85,221.44. The division concludes that the total audited charges exceed \$40,000.
3. The requestor in its original position statement asserts that “...if the total audited charges for the entire admission are above \$40,000, the Carrier shall reimburse using the Stop-Loss Methodology in accordance with the plain language of the rule contained in § 134.401(c)(6)(A)(iii). This rule does not require a hospital to prove that services provided during the admission were unusually extensive or unusually costly to trigger the application of the Stop Loss Methodology. It is presumed that the services provided were unusually extensive or unusually costly when the \$40,000 stop-loss threshold is reached..” In its position statement, the requestor presupposes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 rendered judgment to the contrary. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services.” The requestor’s position that it was not required to prove that the services in disputes were unusually extensive is not supported. The requestor failed to discuss the particulars of the admission in dispute that may constitute unusually extensive services, therefore, the division finds that the requestor did not meet 28 TAC §134.401(c) (6).
4. In regards to whether the services were unusually costly, the requestor states “...This rule does not require a hospital to prove that services provided during the admission were unusually extensive or unusually costly ...” The third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The requestor’s position that it was not required to prove that the services in disputes were unusually extensive is not supported. The requestor failed to discuss the particulars of the admission in dispute that may constitute unusually costly services, therefore, the division finds that the requestor failed to meet 28 TAC §134.401(c)(6).
5. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code

§134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.

- Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission...” The length of stay was three days. The surgical per diem rate of \$1,118.00 multiplied by the length of stay of three days results in an allowable amount of \$3,354.00.
- 28 Texas Administrative Code §134.401(c)(4)(A), states “When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274).”
- A review of the submitted medical bill indicates that the requestor billed revenue code 278 for Implants at \$36,220.00.
- The Division finds the total allowable for the implants billed under revenue code 278 is:

Description of Implant per Itemized Statement	Quantity	Cost Invoice	Cost + 10%
Femoral Component	1	\$4,455.00	\$4,900.50
Tibial Baseplate	1	\$2,165.00	\$2,381.50
Insert Articular	1	\$1,395.00	\$1,534.50
Patella Component	1	\$1,040.00	\$1,144.00
TOTAL	4		\$9,960.50

- 28 Texas Administrative Code §134.401(c)(4)(B) allows that “When medically necessary the following services indicated by revenue codes shall be reimbursed at a fair and reasonable rate: (iv) Blood (revenue codes 380-399).” A review of the submitted hospital bill finds that the requestor billed \$215.00 for revenue code 380-Blood General and \$616.00 for revenue code 382-Blood –Whole Blood. 28 Texas Administrative Code §133.307(g)(3)(D), requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement.” Review of the submitted documentation finds that the requestor does not demonstrate or justify that the amount sought for revenue codes 380 and 382 would be a fair and reasonable rate of reimbursement. Additional payment cannot be recommended.
- 28 Texas Administrative Code §134.401(c)(4)(C) states “Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time.” A review of the submitted itemized statement finds that the requestor billed \$425.00/unit for Morphine PCA and \$1,708.55/unit for Tobramycin 1.2 gm POW. The requestor did not submit documentation to support what the cost to the hospital was for these items billed under revenue code 250. For that reason, additional reimbursement for these items cannot be recommended.

The division concludes that the total allowable for this admission is \$13,314.50. The respondent issued payment in the amount of \$34,966.76. Based upon the documentation submitted no additional reimbursement can be recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to discuss and demonstrate that the disputed inpatient hospital admission involved unusually extensive, and unusually costly services. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
